DFP12 N Part (Duck Foot Bend)

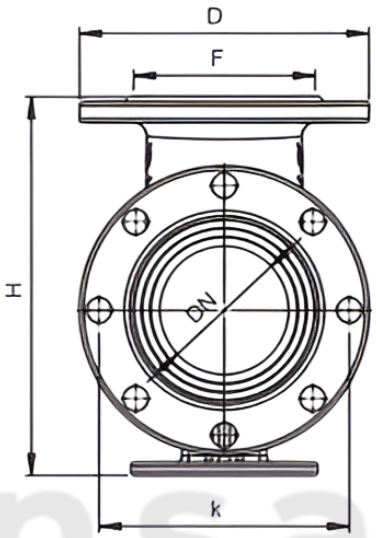

DFP12 N Part (Duck Foot Bend) is designed to provide a secure and stable connection between vertical pipelines and ground-installed fire hydrants. By guiding the pipeline at the correct angle, it ensures proper alignment and reliable system performance.

Made from durable, corrosion-resistant materials, DFP12 parts offer long service life, easy installation, and minimal maintenance. They are an essential accessory for underground fire hydrant systems, ensuring safety, stability, and dependable operation.

Areas of Application

Water and wastewater systems
Chemical industry
Food and beverage industry
Pharmaceutical production
Oil and gas pipelines
HVAC systems
