BRIDGEHILL™
WE SIMPLY BLOCK FIRE

FIREBLOCK CLEANER N10

High Performance Concentrated Cleaner & Degreaser

Removes oil, grease, and tough industrial grim

Key Benefits:

- Specially formulated to remove heavy grease fast without causing harm to surfaces.
- Works on surfaces such as Bitumen, PVC, Metal, Wood, and Tiles.

Application:

FireBlock Cleaner N10 is designed to keep the surface of the FireBlock membrane clean from dirt and grease, making it clean and ready for installation.

Size & Density:

Size: 5 L | 1.32 Gallons

Density: 1.04 g/cm³

Storage:

Store in a cool, dry place.

Shelf life:

2 years.

Application Instruction:

- Dilute the product with water according to the recommended ratio.
- Apply evenly to the surface using spray or foam applicator.
- Allow a dwell time of 2–5 minutes.
- Agitate if necessary using a brush or broom.
- Rinse thoroughly with clean water.
- Allow the surface to dry.

Important Information:

- Always test on a small, inconspicuous area before use.
- Do not allow the product to dry on the surface.
- Avoid use on sensitive materials unless tested and approved.
- Using warm water and high-pressure rinsing can improve performance on heavy grease.
